

Members Recognized for Achievements

Several members of the Johnson County Fire Protection District were recognized at the May 8, 2007 Board of Directors meeting for achievements in various training activities.

Firefighters John Dale and Travis Langewisch received recognition for completing the Johnson County Fire Protection District's Recruit Training Program. The training consists of 36 hours of training in areas not limited to fire suppression, search and rescue, water supply and safety. The training provides newly appointed firefighters specific training which enables them to perform assigned duties in a safe and efficient manner.

Several members received recognition for attending the District's 8 hour Basic Vehicle Extrication training. The training combines both classroom and hands on training in extrication techniques, scene safety and vehicle hazards encountered.
